

Universal cleaning product for hatcheries

Product Description

Hatchonet is a special, cleaning product developed for the removal of sticky dirt in hatcheries and can be used on all surfaces, machinery and vehicles without causing problems of corrosivity.

Properties

- Very effective on floors, metal, aluminum, glass, etc.
- As effective in the presence of hard water.
- Cleaning and rinsing with cold water: saves energy and is better for the high pressure cleaner.
- Does not loose activity near to the freezing temperature
- Alkaline product
- Pleasant smell

Direction of use

By spraying or with foaming device:

- Dosage: 1-3%
- Spray the solution under low pressure (or with foaming equipment) on all surfaces
- Clean under high pressure, warm water is not necessary

Specifications

Physical state	Liquid
Colour	Yellow to amber.
pH	ca 11.5
Freezing point	-10 °C
Boiling point	ca 100 °C
Density	ca 1.11 kg/l
Solubility in water	100 %

Storage and Disposal

Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use. Do not store in corrodable metal. Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children.

Care should be taken to reduce the possibility of eye contact.

In case of eye contact, flush the eyes with copious amount of water and seek medical advice.

In case of inhalation, assure fresh air breathing. Allow the victim to rest. Seek medical attention immediately.

In case of skin contact, remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Seek medical advice.

In case of ingestion, rinse mouth. Do NOT induce vomiting because of corrosive effects. Take to hospital.

Please check the MSDS.
