

Strong concentrated alkaline foam cleaner

Product Description

Bio Cid S is a strong concentrated alkaline cleaner with a strong foaming action. It is used as a "deep cleaner" on heavily contaminated surfaces.

Properties

Bio Cid S is safe for concrete, wood, slats and stainless steel and can be easily applied with all foam devices. Bio Cid S has dirt-penetrating and degreasing properties.

Direction of use

Dosage: 2 to 5%
Contact time: 10 to 20 minutes.
Rinse with water under high or low pressure.

| | |
|---------------------|--------------|
| Physical state | Liquid |
| Colour | Dark brown |
| pH | ca 12.5 (1%) |
| Freezing point | < -20 °C |
| Boiling point | 100 °C |
| Density | ca 1.35 kg/l |
| Solubility in water | 100 % |

Storage and Disposal

Keep container closed when not in use. Protect from freezing. Do not store in corrodable metal. Dispose in a safe manner according to local / national regulations.

Safety instructions for the user

Do not use on aluminum and materials that are sensitive to alkaline products.
Avoid contact between alkaline and acid products.
Always test the product first on a small surface.
Consult your Cid Lines sales' person for a suitable cleaning- and disinfecting program that is adjusted according to the contamination and the specific conditions of the company.

Before use, please check the MSDS.

Not all CID LINES products are available in all countries. For information about availability of a specific product, please contact your CID LINES dealer.
