

Non foaming strong alkaline cleaning product

Product Description

DM Clean Super is used for cleaning in the food industry and agriculture: storage tanks, pipes, CIP and milking robot.

Properties

DM Clean Super is safe at high temperatures and is chlorine free.

Direction of use

Used as CIP and milking machine cleaner:

1. Rinse before application.
2. Let circulate a 0,5 to 2% solution of DM Clean Super at a temperature of 50 to 90°C during 10 to 20 minutes.
3. Rinse with clean water.

Used as equipment cleaner (especially cleaning of meat mixers):

1. Rinse before application.
2. Stir a solution of 0,5 to 2% DM Clean Super in the mixer in the lukewarm water during 30 minutes.
3. Rinse with clean water.

Specifications

Physical state	Liquid
Colour	Colourless
pH	1% 12.2
Freezing point	-15 °C
Boiling point	90 °C
Relative density	1.4
Solubility in water	100 %

Storage and Disposal

Protect from freezing. Keep at temperature not exceeding 50 °C. Keep container closed when not in use.

Safety instructions for the user

Keep out of reach of children.

Care should be taken to reduce the possibility of eye contact.

In case of eye contact, flush the eyes with copious amount of water and seek medical advice.

In case of inhalation, remove victim to fresh air. Allow the victim to rest. Obtain medical attention if breathing difficulty persists. In case of skin contact, remove contaminated clothing and shoes. Flush with plenty of water. Seek medical attention if ill effect or irritation develops. In case of ingestion, rinse mouth. Do NOT induce vomiting. If swallowed, seek medical advice immediately and show this container or label.

Please check the MSDS.
