

# Alkaline CIP product

## **Product Description**

DM Clean is a strong alkaline, non foaming CIP product.

## **Properties**

DM Clean is used for the daily cleaning of storage tanks, pipes and CIP installations in the food industry. It is also used as a floor cleaner/degreaser.

#### Direction of use

Used as a CIP cleaner:

- Rinse before application.
- Let circulate a 0,5-2% solution of DM Clean at a temperature of 50-60°C for 10 to 20 minutes.
- Rinse with clean water.

Used as equipment cleaner (especially cleaning of meat mixers):

- Rinse before application.
- Stir a solution of 1 to 2% DM Clean in the mixer in warm water during 30 minutes.
- Rinse with clean water.

Used as a floor cleaner:

- Dose at 0.5% in a scrubber.
- Rinse the floor cleaner after each use.

## **Specifications**

Physical state	Liquid
Colour	Colourless
рН	12.5 (1%)
Freezing point	-10 °C
Boiling point	100 °C
Density	ca 1.25 kg/l
Solubility in water	100 %

#### **Storage and Disposal**

Protect from freezing. Keep at temperature not exceeding 50 °C. Keep container closed when not in use. Dispose in a safe manner in accordance with local / national regulations.

## Safety instructions for the user

Keep out of reach of children.

Avoid contact between alkaline and acid products. Always test the product first on a small surface. Consult your Cid Lines sales' person for a suitable cleaning- and disinfecting program that is adjusted according to the contamination and the specific conditions of the company.

Before use, please check the MSDS.

Not all CID LINES products are available in all countries. For information about availability of a specific product, please contact your CID LINES dealer
