25 - 210 - 1000 L

TRANS BETON

Industrial concrete and limestone remover

- strong acid cleaner
- concentrated
- removes limestone and cement deposits

25 - 220 KG

3 | EXTERIOR CLEANING - ACID

- Use an alkaline cleaner to remove traffic film, insect residues, oil and greasy deposits. Most pre-wash products in car- and truckwashes are alkalines.
- An acidic cleaner is used to remove stubborn brake dust deposits on wheels, and mineral deposits such as limestone, etc.
- A pH-neutral product is used for applications by hand, like washing a car with bucket and sponge, or for delicate surfaces.

4 | TANK CLEANING

ALKALINE

DM CLEAN FORTE

Alkaline cleaner with high-complexing power

- alkaline single-phase cleaner
- time saving
